Electric Wire Rope Hoist

Electric Wire Rope Hoist, as the name suggests, utilizes electricity to lift the heavy loading goods with the help of a drum wrapped with a rope. The rope hoist is employed to lift heavy loads up and down at the industries. These wire rope hoists may be useful and helpful where it is full of risk for a human to stand.

• Technical Data Sheet

Model	Lifting weight (kg)	Lifting height (kg)	Hoisting speed	Rated input speed	Rated voltage (V)	Rated frequency (Hz)	Net weight (kg)	Matching capacity	Wire rope diameter
EWRH300	150/300	12/6	10/5	600	220	50	11.5	25	3
EWRH500	250/500	12/6	10/5	1020	220	50	16	35	4
EWRH800	400/800	12/6	10/5	1300	220	50	18.5	45	5
EWRH1000	500/1000	12/6	10/5	1600	220	50	31	60	6
EWRH1500	750/1500	12/6	10/5	2000	220	50	35	25	8
